CAROLINE PLAYGROUND COMMITTEE ANNOUNCES LAUNCH OF NEW WEBSITE, WWW.CAROLINEPLAYGROUND.ORG

As part of our efforts to publicize and share information about the May 9-10 playground community build at Caroline Elementary, a new website launched today, <http://www.carolineplayground.org/>.

This online resource serves organizers, volunteers, and potential volunteers alike. For example:

- o See who has volunteered and how many more people we need.
- o Review the latest list of non-perishable food items and how to donate.
- o Download drawings of the playground to create your own posters, or download letters, posters, and other documents.
- o Find the schedule of committee meetings.
- o Read the growing list of thank you's.

Updates will be made at least weekly as information comes in from committee chairs and others.

Caroline Elementary is building new playgrounds May 9-10 for pre-kindergarten students and for kindergarten through fifth-grade students. Caroline needs over 1,300 volunteer labor hours to build a huge and very accessible playground.

To find out more, visit <http://www.carolineplayground.org/>, email info@carolineplayground, or call the school at 607 539-7155.
